

Samleskjema for retningslinjer og artikler – Malign medullakompresjon

Tittel	Forfatter/utgiver Tidsskrift	År	Design
Generelt			
Non-pharmacological interventions in patients with spinal cord compression: a systematic review	Paniagua-Collado M et al. J Neurooncol	2018	Systematisk litteratur review
Acute spinal cord compression	Ropper et al. NEJM	2017	Review
Diagnostic and Therapeutic Strategies for Patients with Malignant Epidural Spinal Cord Compression	Patel et al. Current Treatment Options in Oncology	2017	Review/opinion statement
Positioning and spinal bracing for pain relief in metastatic spinal cord compression in adults	Lee SH et al. Cochrane Database of Systematic Reviews	2015	Systematisk litteratur review fra Cochrane
Interventions for the treatment of metastatic extradural spinal cord compression in adults	George et al. Cochrane Database of Systematic Reviews	2015	Systematisk litteratur review fra Cochrane
Quality standard QS 56: Metastatic spinal cord compression in adults	NICE – National Institute for Health and Care Excellence	2014	Faglig retningslinje
A 2011 updated systematic review and clinical practice guideline for the management of malignant extradural spinal cord compression	Loblaw et al. Intern Journal Radiation Oncol Biol Phys	2012	Systematisk litteratur review
Clinical guideline CG 75: Metastatic spinal cord compression. Diagnosis and management of adults at risk of and with metastatic spinal cord compression	NICE – National Institute for Health and Care Excellence	2008	Faglig retningslinje
Prognostiske faktorer			
Prognostic Factors of Ambulatory Status for Patients with Metastatic Spinal Cord Compression: A Systematic Review and Meta-Analysis.	Liu YH et al. World Neurosurg	2018	Systematisk litteratur review
Prognostic factors in patients with metastatic spinal cord compression secondary to melanoma: a systematic review.	Hadden NJ et al.	2018	Systematisk litteratur review

	Melanoma res		
Prognostic factors in patients with metastatic spinal cord compression secondary to lung cancer: a systematic review of the literature	Da Silva GT et al. Eur Spine J	2015	Systematisk litteratur review
Steroider			
Metastatic Spinal Cord Compression and Steroid Treatment: A Systematic Review	Kumar A et al. Clin Spine Surg	2017	Systematisk litteratur review
Kirurgi			
Surgical decompression for recurrent cord compression in cancer: a case series and review of the literature	Rajah G et al. Neurol Res	2018	Review
Surgical management of spinal metastases	Galgano M et al. Expert Rev Anticancer Ther	2018	Review
Cervical disc replacement surgery: indications, technique, and technical pearls	Leven D et al. Curr Rev Musculoskelet Med	2017	Review
Systematic Review of the Outcomes of Surgical Treatment of Prostate Metastases to the Spine.	Clarke MJ et al. Global spine j	2017	Systematisk litteratur review
When less is more: The indications for mis techniques and separation surgery in metastatic spine disease	Zuckerman SL et al. Spine	2016	Review
Defining spinal instability and methods of classification to optimise care for patients with malignant spinal cord compression: A systematic review	Sheehan C et al. Radiography	2016	Systematisk litteratur review
Posterior approaches for symptomatic metastatic spinal cord compression.	Molina C et al. Neurosurg Focus	2016	Review
Neurologic Recovery after Surgery in Patients with Deficits Secondary to MESCC: Systematic Review.	Laufer I et al. Spine	2016	Systematisk litteratur review
Anterior corpectomy versus posterior laminoplasty for the treatment of multilevel cervical myelopathy: A meta-analysis.	Huang D et al. International Journal Of Surgery	2016	Metaanalyse
Vertebral Augmentation Involving Vertebroplasty or Kyphoplasty for Cancer-Related Vertebral Compression Fractures: A Systematic Review.	Health Quality Ontario Health Technol Assess Ser	2016	Systematisk litteratur review

The surgical management of metastatic spinal cord compression: A proposed cost-utility analysis	Chaudry B et al. International Journal of Surgery	2016	Review og kostnadsanalyse
Decompression surgery for spinal metastases: a systematic review	Bakar D et al. Neurosurg Focus	2016	Systematisk litteratur review
Comparison of the Therapeutic Efficacy of Surgery with or without Adjuvant Radiotherapy versus Radiotherapy Alone for Metastatic Spinal Cord Compression: A Meta-Analysis	Chen B et al. World Neurosurg	2015	Metaanalyse
Strålebehandling			
(ICORG 05-03): prospective randomized non-inferiority phase III trial comparing two radiation schedules in malignant spinal cord compression (not proceeding with surgical decompression); the quality of life analysis	Lee KA et al. Acta Oncol	2018	RCT
1x8 Gy versus 5x4 Gy for metastatic epidural spinal cord compression: A matched-pair study of three prognostic patient subgroups	Rades et al. Radiation Oncology	2018	
Approaches to radiotherapy in metastatic spinal cord compression	Suppli, MH Dan Med J	2018	Ph.d. Thesis
SCORAD III: Randomized noninferiority phase III trial of single-dose radiotherapy (RT) compared to multifraction RT in patients (pts) with metastatic spinal canal compression (SCC)	Hoskin et al. Journal of Clinical Oncology	2017	RCT
Survival analysis of malignant epidural spinal cord compression after palliative radiotherapy using Tokuhashi scoring system and the impact of systemic therapy	Mui WH et al. Annals of palliative medicine	2017	Retrospective analysis
Prospective evaluation of adaptive, staged radiosurgery for patients with metastatic epidural disease in the spine	Mani KM et al. Intern Journal of Radiation Oncol Biol Phys	2017	Clinical trial
Optimising treatment of metastatic extradural spinal cord compression: Lessons from a five-year audit	Kerstens P et al. Med imaging Radiat Oncol	2017	Retrospective analysis
Survival analysis of malignant epidural spinal cord compression after palliative radiation therapy using tokuhashi scoring system and the impact of systemic therapy	Mui WH et al. Intern Journ of Radiation Oncology	2016	Retrospective analysis
Radiotherapy With 4 Gy × 5 Versus 3 Gy × 10 for Metastatic Epidural Spinal Cord Compression: Final Results of the SCORE-2 Trial (ARO 2009/01)	Rades et al. Journal of Clinical Oncology	2016	Clinical trial
Comparison of Short-Course Radiotherapy Versus Long-Course	Qu S et al.	2015	Systematisk litteratur review og

Radiotherapy for Treatment of Metastatic Spinal Cord Compression: A Systematic Review and Meta-Analysis	Medicine		metaanalyse
Single-Fraction Versus 5-Fraction Radiation Therapy for Metastatic Epidural Spinal Cord Compression in patients with limited survival prognoses	Rades et al. Intern Journal of Radiation Oncol Biol Phys	2015	Clinical trial
Radiation therapy in malignant spinal cord compression: what is the current knowledge on fractionation schedules? A systematic literature review	Lohre et al. BMJ Supportive & Palliative Care	2012	Systematisk litteratur review
Palliativ medisin			
Integration of oncology and palliative care: <i>a Lancet Oncology Commission</i>	Kaasa et al. Publication planned Oct. 2018 in Lancet Oncology	2018	Commission article
Specialized palliative care in advanced cancer: What is the efficacy? A systematic review	Holmenlund et al. Palliative and Supportive Care	2017	Systematisk litteratur review
Effects of early integrated palliative care in patients with lung av GI cancer. A randomized controlled trial.	Temel et al. Journal of Clinical Oncology	2017	RCT
Randomized clinical trial of early specialist palliative care plus standard care versus standard care alone in patients with advanced cancer	Groenvold et al. Palliative Medicine	2017	RCT
Systematic versus on demand early palliative care: A randomized clinical trial assessing quality of care and treatment aggressiveness near the end of life	Maltoni et al. Eur Journal Cancer	2016	RCT
Update on spinal cord compression: The key role of the hospice or palliative care physician	Ferrone et al. Journal of Pain and Sympt Management	2016	Case report
Early Versus Delayed Initiation of Concurrent Palliative Oncology Care: Patient Outcomes in the ENABLE III Randomized Controlled Trial	Bakitas et al. Journal of Clinical Oncology	2015	RCT
Early palliative care for patients with advanced cancer: A cluster-randomised controlled trial	Zimmermann et al. Lancet	2014	Cluster RCT
Management of cancer pain in adult patients: ESMO Clinical Practice Guidelines	Fallon et al. Annals of Oncology	2018	Retningslinje
Use of opioid analgesics in the treatment of cancer pain: evidence based	Caraceni et al.	2012	Retningslinje

recommendations from the EAPC	Lancet Oncology
