

Airport security / to whom it may concern

Date:

## Confirmation of treatment with radioactive iodine (131-iodine)

I hereby confirm that:

Name:

Date of birth:

**Norwegian social security number:**

was treated with radioactive iodine for medical purpose (\_\_\_\_\_ GBq  $^{131}\text{I}$ ,  $\gamma$  364 keV, and  $\beta$ -emission as well,  $T_{1/2}=8$  days) at \_\_\_\_\_ pm on \_\_\_\_\_

Low radioactivity left in the body may trigger the airport security for several weeks after the treatment procedure. This low level of radiation does not represent any risk for other people.

Sincerely,

Dr. \_\_\_\_\_
