## MEDICAL REPORT

To whom it may concern:

Oslo, Sept 07

Patient's name: Normann, Kari  
Date of birth: Apr. 23. 1958  
Home address: Eventyrveien 19, 0375 Oslo, Norway

It is hereby certified that Mrs. Normann suffers from obstructive pulmonary disease. She is taking the following medication on a regular basis:

Bricanyl (Terbutalin) dose inhaler 0,5 mcg  
Pulmicort (Budesonid) dose inhaler 400 mcg  
Prednisolon (Prednisolon) tabl 5 mg

Due to her disease, Mrs. Normann is dependent on oxygen therapy during air flight, flow rate 1 liters/min at rest and 4 L/min during walking.

In September/October this year, Mrs. Normann will be travelling to USA. This medical report is meant as documentation for immigration, customs and other relevant authorities.

Yours sincerely

Aina Akerø, MD
